Construction continues every Wednesday and Saturday. See our website to volunteer!

Match Fund

We are grateful for this year's sponsors and all of the donors that have supported this ministry for 26 years. New donors are always appreciated as well. This is an opportunity for all of us to help improve a family's life with simple decent affordable housing.

We are enjoying new and experienced volunteers on site as well as new families working to build each other's homes. In this way the build site does more than build a house. It builds community. These friendships last a lifetime. Your donations make it possible for new families to have a home of their own and help build our community. Thank you for your generosity.

Let's make this 26th year of the Match the best ever!

Our Match Fund sponsors this year are:

- Premier Homes*
- StoneWater Church*
- Anonymous donors*

Let's welcome more families home this year! All donations received from **November 15th through January 31st** will be matched up to the amount of the fund. Please send your Matching Gift to:

Habitat for Humanity of Hood County
PO Box 1866
Granbury, TX 76048

Garden Clubs

Granbury Gardeners, Ladybug Garden Club, and Petals & Pals are dedicated to enhancing the beauty of Hood County landscapes, and they also are committed to helping build a true sense of community among us. To that end, they made a remarkably generous contribution to the mission and the ministry of Habitat for Humanity of Hood County.

Lunch is Back!

Local churches and civic groups are once again providing lunch on all workdays, and we appreciate you so much! The 7th Day Adventists were caught up in this photo.

We Remember

New Lot Prep

Looking to the near future, lot preparation is underway at the foot of Sundown Trail. The homeowners have already been selected and are anxiously waiting for construction to begin!

Randall Scott and His Crew of Larry and Landon have helped Habitat of Hood County for years, clearing land, building pads, installing septic systems, burning brush, or anything they can do to help. They are helped (actually guided) by Billie in the office. They are now deeply involved clearing lots and building pads for our next Habitat homes in Rancho Brazos. We could not exist without help from generous business people like them. Thank you **Scott Construction**.

Another Business that keeps us going is **Crown Quality Roofing**. Watch for information about Larry Riggins in our future newsletters.

We've got a bunch of loyal, supporting businesses which we'll be telling you about.

Like us and share on Facebook!

Visit habitatofhoodcounty.org to learn about volunteer opportunities.

Thank you, Homeowners

Thank you Sanjuana and Jayme for helping the Rancho Brazos neighborhood get into the holiday spirit!

Meet the Volunteers

Carol McKernan

Carol began volunteering in 2018 after retiring. She currently serves as our Treasurer and Family Support Committee chair. She is also on the Board of Directors and Executive Committee. She enjoys seeing how all the parts of Habitat work together and how the organization plans ahead to keep things running. She enjoys meeting the families and seeing positive things happen in their lives.

Lee Cotheran

Lee's wife saw the ad for the construction meeting in the Hood County News. He attended and liked the folks he met. He decided to volunteer on Wednesday to help build a house and learn some new skills. He stays busy on weekends with his grandkids.

Alan Love

Alan learned about us when his church brought Saturday lunch. He volunteers because it's close to home and he can walk to work. He is new to the area and newly retired. (He also heard we needed YOUNGER retirees!)

The next application dates have not yet been determined—stay tuned!
